Subject: Coyote Creek Common Control briefing
Attachments: Coyote Station Coyote Creek CC paper 1.docx

Hi Gail, I've attached the options paper that Matt Spangler circulated before our meeting today, with a few edits I made to clarify. It provides a good summary of the issue.

In terms of talking with ND, here is summary:

- 1) We will need more time to respond to ND's request for us to weigh in on the "common control" question at Coyote Creek
- 2) Previous responses to similar requests have taken at minimum two months, we are currently one month from the Nov 17th deadline of our 45 day review period with coincides with the date ND requested our response to this issue

We could leave it at that, but if ND wants more information and we are willing to share we could add:

Ex. 5 Deliberative Process (DP)

Let me know if you want clarification on the options paper or talking point, and I'd like to be included on any call to ND if that is possible. Thanks,

Patrick Wauters
